Emily, I left you a voicemail this morning that I'd pick the containers up at TestAmerica's Earth City lab when I got there. At this point I'm expecting to arrive on Tuesday, so that's when I would pick up the containers.

Please give me a call ASAP so we can finalize any other details and I can plan my travel.

Sincerely,
Daniel R. Gravatt, PG

Hi Dan,

Do you need sample containers sent to your office or will you pick them up?

Thanks,
Emily

Emily, I would very much like to be in the field collecting these samples next week (week of April 8), hopefully Monday through Thursday. This will be a multi-day collection effort with me dropping off samples at TestAmerica's Earth City lab each afternoon. Please let me know if you can get this set up that fast, and if the lab has capacity on those days.

Hi Dan,

We received the Task Order to set up analytical services at the West Lake Landfill site. Do you have a date set for sample collection?

Thanks!

Emily
